Safety Data Sheet

Revision Date: 6/17/2024

BB74 - Reflection

Section 1. Product and Company Identification

Product Identifier BB74 - Reflection

Product Use

Description: Thin blue translucent liquid with a fruity fragrance odor for use as a gloss enhancer

Manufacturer or suppliers' details

Babes Boat Products
1097 Hewitt Dr.
San Carlos, CA 94070

Emergency Number: 800-255-3924
Customer Service: 510-732-2628
Business Fax: 510-732-2632

Section 2. Hazards Identification

GHS Classification

GHS Label Elements

Hazard Pictograms

Hazard Word No Hazardous ingredients at concentration requiring notification

Hazard Statements

Precautionary Statements

P264: **Wash skin thoroughly after handling**

P280: **Wear eye protection**

P301+312: **Response:**

P330: **IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell**

P302+352: **unwell**

P305+351+338: **Rinse mouth**

P337+313: **IF ON SKIN: Wash with soap and water**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing

If eye irritation persists get medical advice/attention

3. Composition Information on Ingredients

CAS Number	Wt %	Component Name
Trade Secret	1-5%	Amino Silicone Polymer

Amounts specified are typical and do not represent a specification. Remaining components are proprietary, non-hazardous, and/or present at amounts below reportable limits.

4. First Aid Measures

Inhalation:

Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get

Babe's Boat Products

Safety Data Sheet

Page 2

Revision Date: 6/17/2024

BB74 - Reflection

medical attention.

Ingestion: Give large amounts of water to drink. Never give anything by mouth to an unconscious person.

Get medical attention.

Skin Contact: Immediately flush skin with plenty of water for at least 15 minutes. Call a physician if irritation develops.

Eye Contact: Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention immediately.

5. Fire Fighting Measures

Fire Extinguishing Media:

Water spray, dry chemical, alcohol foam, or carbon dioxide. Water spray may be used to keep fire exposed containers cool, dilute spills to nonflammable mixtures, protect personnel attempting to stop leak and disperse vapors.

Special Information:

In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full facepiece operated in the pressure demand or other positive pressure mode.

6. Accidental Release Measures

Ventilate area of leak or spill. Remove all sources of ignition. Wear appropriate personal protective equipment as specified in Section 8. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. Contain and recover liquid when possible. Use non-sparking tools and equipment. Collect liquid in an appropriate container or absorb with an inert material (e. g., vermiculite, dry sand, earth), and place in a chemical waste container. Do not use combustible materials, such as saw dust. Do not flush to sewer! If a leak or spill has not ignited, use water spray to disperse the vapors, to protect personnel attempting to stop leak, and to flush spills away from exposures.

7. Handling and Storage

Protect against physical damage. Store in a cool, dry well-ventilated location, away from any area where the fire hazard may be acute. Outside or detached storage is preferred. Separate from incompatibles. Containers should be bonded and grounded for transfers to avoid static sparks. Storage and use areas should be No Smoking areas. Use non-sparking type tools and equipment, including explosion proof ventilation. Containers of this material may be hazardous when empty since they retain product residues (vapors, liquid); observe all warnings and precautions listed for the product. Small quantities of peroxides can form on prolonged storage. Exposure to light and/or air significantly increases the rate of peroxide formation. If evaporated to a residue, the mixture of peroxides and isopropanol may explode when exposed to heat or shock.

8. Exposure Controls and Personal Protection

Trade Secret Amino Silicone Polymer.....None Listed.....

VENTILATION

Babe's Boat Products

Page 3

Safety Data Sheet

Revision Date: 6/17/2024

BB74 - Reflection

Use only with ventilation sufficient to prevent exceeding recommended exposure limit or buildup of explosive concentrations of vapor in air. No smoking, or use of flame or other ignition sources.

RESPIRATORY PROTECTION

Use supplied-air respiratory protection in confined or enclosed spaces, if needed.

PROTECTIVE GLOVES

Use chemical-resistant gloves, if needed, to avoid prolonged or repeated skin contact.

EYE PROTECTION

Use splash goggles or face shield when eye contact may occur.

OTHER PROTECTIVE EQUIPMENT

Use chemical-resistant apron or other impervious clothing, if needed, to avoid contaminating regular clothing, which could result in prolonged or repeated skin contact.

WORK PRACTICES / ENGINEERING CONTROLS

To prevent fire or explosion risk from static accumulation and discharge, effectively bond and/or ground product transfer system in accordance with (THE) National Fire Protection Association PUBLICATIONS.

9. Physical and Chemical Properties

Flash Point	>100°C (212°F)	Upper Flamability Limit	not determined
Auto Ignition	Not determined	Lower Flamability Limit	not determined
Physical State	liquid	Color	Blue
pH	5.1	Vapor Press	23.8 mmHg
Specific Gravity	1.01	Viscosity	thin
Vapor Density (Air=1)	1.27	Melting Point °F	32°F
Water Solubility	complete	Odor	Fruity
		VOC Content	1%, >1% accounting for VOC excepted solvent; See Section 15

10. Stability and Reactivity

Stability	Stable	Hazardous Polymerization	Not Expected to Occur
Conditions to Avoid	Keep away from extreme heat, Strong Acids, Alkalies and Oxidizers such as Chlorine, other Halogens, Hydrogen Peroxide and Oxygen		
Hazardous Decomposition Products	No substances are readily identifiable from composition but no degradation data is available.		

11. Toxicological Information

For Glycol Ether DPnB in solution - product concentration is below 1%

Acute oral Toxicity < 5000 mg/Kg (rat)
Acute Dermal Toxicity < 5000 mg/Kg (rat)
Acute Inhalation Toxicity < 5.0 (dust/Mist rat)

12. Ecological Information

Babe's Boat Products

Safety Data Sheet

Page 4

Revision Date: 6/17/2024

BB74 - Reflection

Environmental Fate:

When released into the soil, this material is expected to quickly evaporate, may leach into groundwater and may biodegrade to a moderate extent. When released to water, this material is expected to quickly evaporate, have a half-life between 1 and 10 days and may biodegrade to a moderate extent. This material is not expected to significantly bioaccumulate. When released into the air, this material is expected to be readily degraded by reaction with photochemically produced hydroxyl radicals, to have a half-life between 1 and 10 days and may be removed from the atmosphere to a moderate extent by wet deposition.

Environmental Toxicity: The LC50/96-hour values for fish are over 100 mg/l. This material is not expected to be toxic to aquatic life.

13. Disposal Considerations

Options for disposal of this product may depend on the conditions under which it was used. To determine the proper method of disposal, refer to RCRA (40 CFR 261), as well as federal EPA and state and local regulations.

Please refer to Sections 5, 6 and 15 for additional information.

14. Transportation Information

Domestic (Land, D.O.T.)

Proper Shipping Name: Not regulated

International (Water, I.M.O.)

Proper Shipping Name: Not regulated

Shipment by Air

Proper Shipping Name: Not regulated

15. Regulatory Information

CARB VOC info: LESS THAN 1% VOC as regulated by CARB Consumer Products requirements, Contains VOC excepted solvents 94508(151)(B)

OSHA Hazards : No OSHA Hazards

EPCRA - Emergency Planning and Community Right-to-Know

CERCLA Reportable Quantity - Calculated RQ exceeds reasonably attainable upper limit.

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 311/312 Hazards : No SARA Hazards

SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

BB74 - Reflection

SARA 313: SARA 313: : The following components are subject to reporting levels established by SARA Title III, Section 313: None

California Prop. 65 : This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

16. Other Information

Revision Date 6/17/2024

The information and recommendations are offered for the user's consideration and examination, and it is the user's responsibility to satisfy itself that they are suitable and complete for its particular use. If buyer repackages this product, legal counsel should be consulted to insure proper health, safety and other necessary information is included on the container.
